

# Ref: PLASTICYL<sup>™</sup> PC1501 – 5 November 2009 – V07

### PLASTICYL<sup>™</sup> PC1501 / Product Data Sheet

## **General Information**

#### Description

PLASTICYL<sup>™</sup> is a family of Multi-Wall Carbon Nanotube (MWNT) thermoplastic concentrates for applications requiring superior electrical conductivity and electrostatic discharge (ESD) properties. PLASTICYL<sup>™</sup> PC1501 is a conductive masterbatch based on polycarbonate. Because of its low viscosity and high flow formulation, PLASTICYL<sup>™</sup> PC1501 is ideal for standard injection molding and extrusion processes.

#### **Key Applications**

- E&E, automotive and packaging Industries
- HDD (hard disk drive) internal components
- HDD and IC handling trays

#### **Benefits**

- Excellent electrical conductivity at low loading
- Excellent surface cleanliness
- Retention of key mechanical properties
- Ease of processing

#### Main Characteristics

| CARBON NANOTUBES<br>LOADING (‰ <sub>WT</sub> ) | REAL DENSITY (G/L)<br>ISO 1183 | MFI (G/10 MIN)<br>NON-STANDARD TEST :<br>300 ℃ ; 20 KG ; 4 MM |
|--|--------------------------------|---|
| 15 ± 1,0                                       | 1175                           | ≤ 5,6   |

#### Percolation Curves for Volume and Surface Resistivity

N.B.: Electrical resistivity measurement in accordance to CTM E043 and CTM E402 (Cabot Testing Method), on standard injection molded IZOD specimens, processed according to parameters provided before (General Processing Guide for Injection Molding).

## Disclaimer

This information is intended to be used only as a guideline for designers and users of modified thermoplastics. All information is believed to be accurate but is given without acceptance of liability. Users should make their own assessment of the suitability of the product for the purposes required. Properties may be materially affected by extrusion and molding parameters as well as by the shape and size of the part. No information supplied by Nanocyl constitutes a warranty regarding the product performance.
