

GrindLazer™

Scarifier Systems

PROVEN QUALITY. LEADING TECHNOLOGY.

There is no other Scarifier System like a GrindLazer.

Quality. Performance. Durability. Productivity.

Welcome to a whole new world of surface preparation. Graco manufactures the most innovative and highest quality professional scarifier solutions in the market.

This informational guide is designed to help you select the right equipment for your line removal, inlay, grooving and surface leveling needs. Graco's family of scarifiers include the GrindLazer 270, 390 and 630.

All three units are built with the professional contractor in mind and will deliver unmatched results once again proving that when it's a Graco—**It's Built to Last!**

What is the G4 Difference? Only Graco delivers the industry's first choice for scarifier systems, backed by a solid reputation for proven quality, maximum performance, reliable warranty coverage and unmatched on-the-job productivity. Graco scarifier systems are designed to exceed the professional contractor's standards for quality and performance. Graco is the name to turn to today and as your business grows.

PROVEN QUALITY

Precision design, 100% factory-tested and field-proven. Cutting-edge technology keeps Graco scarifier systems up and running and on the job for years.

MAXIMUM PERFORMANCE

Higher output with superior control ensures highest quality for every job. Rely on any of these high performance units to deliver the results you expect from a Graco.

INDUSTRY-LEADING WARRANTY

Every Graco scarifier system is backed by our warranty coverage and more than 80 years of proven commitment to the professional contractor.

UNMATCHED PRODUCTIVITY

Superior design, innovative technology means you'll be getting the highest productivity in a scarifier system—only from Graco. We stand by our products and don't settle for less than the best. You'll see for yourself once you've experienced GrindLazer.

Graco has the Right Solutions for all your scarifier applications.

Graco introduces the 270, 390 and 630 GrindLazers as your total solution for all of your scarifier applications. Every Graco scarifier exceeds comparable competitive units in ease of use and quality. And with the EasyGlide™ Wheel Mount System you'll think that your using a LineLazer®!

When choosing which Graco GrindLazer best fits your needs, you must consider what material you will be removing and how fast you want to complete the job.

This guide will help walk you through this process and help you find the right GrindLazer. No matter what scarifier application you face, Graco has the **Total Job Solution** for you.

Scarifier Solutions Guide

GRINDLAZER CLASSIFICATION

6 Point Miller Tungsten Carbide
5 Point Diamond Blade

GrindLazer. Our Technology Leads the Way.

Honda® and Vanguard® Power Two proven workhorse engines power the GrindLazer family of products.

Honda Engine – Reliable, technologically advanced and easy to start. Includes field proven Oil Alert and Cyclone Air Cleaner that contractors can depend on.

Vanguard Engine – This powerhouse features advanced technologies and integrated components such as Oil Gard® and Donaldson® dual clean air filtration system to provide excellent performance.

ProStart™ System When Graco set out to design the perfect clutch, we questioned everything: every number, every scenario, every detail. The result? ProStart our most rugged and reliable centrifugal clutch system on the market today. The ProStart centrifugal clutch system allows easy starting and disengagement of cutters which provides one of the safest scarifier systems on the market today!

Flail Tungsten Carbide Cutters Our Flail-style Tungsten Carbide Cutters are precision made with the finest materials assuring the longest life, best cutting results. With case hardened drums and 3/4 inch shafts these drum cutter assemblies are built to take the most demanding conditions. These 8 point cutters are best for your everyday line removal needs including traffic paint all the way up to thermoplastics. These 6 point cutters are best for thick, hard to remove materials such as thermoplastic and tape.

LineDriver Attachment Now get higher productivity, straighter inlay and line removal with less fatigue.

Why Walk When You Can Ride? The patented LineDriver and LineDriver HD provide the most innovative, user-friendly ride-on systems for the professional line removal contractor in the industry.

EasyGlide Wheel Mount System Front mounted caster along with dual rear pneumatic air-filled tires makes handling as easy as a LineLazer. EasyGlide Wheel Mount System with its Fat Track™ front wheel allows the most flexibility and ease of use in the industry.

InstaCut™ Technology Graco engineering hit another home run with InstaCut Technology. InstaCut technology allows the user maximum control for safely engaging the cutters both on and off without having to lift their hands off the handles. It's another Graco exclusive.

DialDown™ Depth Control System

Graco's advanced DialDown Depth Control System allows precise cutting depths with a simple turn of the dial. Allows for fast and easy adjustment for maximum productivity. Fast and easy to use.

Miller Tungsten Carbide Cutters Our Miller-style Tungsten Carbide Cutters are precision made with the finest materials assuring the longest life, best cutting results. With case hardened drums and 3/4 inch shafts these drum cutter assemblies are built to take the most demanding conditions. These 6 point cutters are best for thick, hard to remove materials such as thermoplastic and tape.

Medium Duty

GrindLazer 270

(Patent Pending)

DESCRIPTION	PART #
GrindLazer 270 (Bare)	571002
GrindLazer 270, 8 in Cut 12 Point Beam, Steel Complete 174 Cutters, 156 Spacers	24P725
GrindLazer 270, 8 in Cut, 8 Point Flail Complete, 114 Cutters, 186 Spacers	571018
GrindLazer 270, 8 in Cut 8 Point FineFinish Complete 144 Cutters, 138 Spacers	24P722
GrindLazer 270, 8 in Cut, 8 Point FullCut Complete 108 Cutters, 210 Spacers	24P718
GrindLazer 270, 8 in Cut, 6 Point Miller Complete, 42 Cutters, 132 Spacers	571021

SPECIFICATIONS

MAXIMUM CUT WIDTH IN (CM):	8 (20)
CUT DIRECTION:	Forward
REMOVAL RATE (WALK):	600 sq ft/hr
REMOVAL RATE (RIDE):	1300 sq ft/hr
HONDA ENGINE CC (HP):	270 (9.0)
WEIGHT LB (KG):	300 (136)
PROSTART SYSTEM:	Heavy-Duty
AIR CLEANER:	Cyclone

The **GrindLazer 270** is the perfect scarifier for removing parking lot lines. Its EasyGlide Wheel Mount System makes it as easy to use as a LineLazer and its rugged, innovative design means you can count on it to perform for a lifetime of use.

Optional LineDriver

LineDriver and LineDriver HD adaptable. Doubles your production while it eliminates user fatigue.

TriBelt™ Drive System

- ▶ 3-cog belt design optimizes power transfer and maximum load handling
- ▶ Eliminates costly downtime

Extreme-Duty ProStart System

- ▶ Centrifugal clutch allows easy starting and shut off of cutters providing one of the safest units on the market today
- ▶ Easy to start in cold weather
- ▶ Eliminates broken recoils
- ▶ Provides longer belt life

EasyGlide Wheel Mount System

- ▶ Front mounted caster along with dual rear pneumatic air-filled tires makes handling safe and as easy to maneuver as a LineLazer
- ▶ Pneumatic air-filled tires helps eliminate vibration

Fat Track™ Front Swivel Wheel

- ▶ Proven front caster wheel system makes turning fast and easy
- ▶ Maneuver curves better
- ▶ No need to "muscle" it while moving

The **GrindLazer 390** is the contractor choice for all-around scarifying jobs including parking lot lines, intersection markings, construction zones and sidewalk smoothing.

With the optional LineDriver System its productivity is unmatched and means you can get more work done everyday without the fatigue from walking.

Optional LineDriver

LineDriver and LineDriver HD adaptable. Doubles your production while it eliminates user fatigue.

DialDown Depth Control System

- ▶ "Forward Cut" precise cutting depth with multiple position depth control
- ▶ Simple and easy to "dial-down" to optimum depth

Extreme-Duty ProStart System

- ▶ Centrifugal clutch allows easy starting and shut off of cutters providing one of the safest units on the market today
- ▶ Easy to start in cold weather
- ▶ Eliminates broken recoils
- ▶ Provides longer belt life

Vibration Reduction Technology

- ▶ Pneumatic air-filled tires, comfort grips, LineLazer-like cart design combine to eliminate vibration reducing user fatigue
- ▶ Comfort grip handle bars for precise steering
- ▶ Up to 4X less vibration than the competition

InstaCut Technology

- ▶ Only unit to offer "hands-on" engagement of the cutting deck system for up or down position
- ▶ Provides ultimate flexibility for removal and inlay
- ▶ No-tool system
- ▶ Allows deck to "float" when on uneven surfaces

Heavy-Duty

SPECIFICATIONS	
MAXIMUM CUT WIDTH IN (CM):	10 (25)
CUT DIRECTION:	Reverse/ "Up-Cut"
REMOVAL RATE (RIDE):	2100 sq ft/hr
VANGUARD ENGINE CC (HP):	630 (21.0)
WEIGHT LB (KG):	340 (154)
PROSTART:	Extreme Duty
AIR FILTER:	Donaldson Heavy-Duty

The **GrindLazer 630** is the high production choice when it comes to the most demanding scarifier jobs. With its "Up-Cut" cutting direction you not only are able to remove all types of lines found on parking lots or roadways but now have the power to do inlay/grooving jobs. Combined with the LineDriver you'll finish jobs faster and more accurately than ever before!

Why Walk When You Can Ride?

Graco offers two high performance **LineDriver** attachments to connect to your LineLazer striper to double your striping productivity.

The LineDriver and **LineDriver HD** attachments provide the most innovative, user-friendly ride-on systems for the professional striping contractor.

LineDriver Required

GrindLazer 630 with Reverse/"Up-Cut" cutting direction requires the use of a LineDriver Propel System. The GrindLazer 630 unit cannot operate without a LineDriver due to the ProStart Safety Switch Interlock System.

Extreme-Duty ProStart System

- ▶ Centrifugal clutch allows easy starting and shut off of cutters providing one of the safest units on the market today
- ▶ Easy to start in cold weather
- ▶ Eliminates broken recoils
- ▶ Provides longer belt life

InstaCut Technology

- ▶ Only unit to offer "hands-on" engagement of the cutting deck system for up or down position
- ▶ Provides ultimate flexibility for removal and inlay
- ▶ No-tool system
- ▶ Allows deck to "float" when on uneven surfaces

Ease-Z-Steer™ Handle Bar System

- ▶ Makes turning and handling as simple as a LineLazer
- ▶ Fully adjustable handles for all size users
- ▶ Reduces vibration

Exclusive FlexBeam™ Break-A-Way Light System

- ▶ Fully adjustable for all types of low light applications
- ▶ Break-A-Way design helps protect against costly repairs and keeps you on the job

Patented Dual Foot Pedal System

- ▶ For forward and reverse—move between jobs without having to *PUSH!*

Exclusive ProStart™ Engine Starting System

- ▶ Up to 50% less pulling effort to start the engine—no more broken recoils
- ▶ Outperforms manual pull and electric start systems when the weather starts turning cooler
- ▶ Patent No. 6883633

Honda Engine

- ▶ Compact, lightweight and powerful—Honda engines are reliable, technologically advanced and easy to start
- ▶ Oil Alert shuts down engine if oil level drops too low, preventing damage
- ▶ Contractor preferred

SCARIFIER SYSTEMS

CUTTERS

- 24P818** Beam Steel Cutter – 12 Point (25 pack)
 ▶ Select premium, steel cutters for your delicate asphalt and concrete removal projects
- 24D612** Flail Tungsten Carbide Cutter – 8 Point (20 pack)
 ▶ Select ultra-premium, long life flail cutters for your toughest asphalt and concrete removal projects.
- 24F213** FullCut Tungsten Carbide Cutter – 8 Point (20 pack)
 ▶ Select ultra-premium, long life FullCut cutter for fine finish asphalt and concrete removal and inlay projects.
- 24D613** Miller Tungsten Carbide Cutter – 6 Point (6 pack)
 ▶ High grade tungsten carbide cutter that removes thick film coatings, thermoplastics, epoxies and tape fast.
- 24E289** DynaCut™ Diamond Blade – 5 Point (single blade)
 ▶ High performance diamond blades for dry-cut on AC and PCC substrates. Need to shave, groove, grind, route or plunge-cut? This blade is engineered to provide the longest lasting performance.

DRUMS

3 EASY STEPS TO REMOVE/INSTALL DRUM ASSEMBLY*

1. Loosen four bolts.
2. Remove bolts and door.
3. Remove drum assembly.

*Reverse to install.

- 24D610** Case Hardened Steel Drum Replacement – 6 Shaft Drum
24D982 Diamond Drum Replacement – Drum Only

TIRES

- 114549** Front Pneumatic Air Filled Tire
 ▶ Front wheel and rim.
- 111020** Rear Pneumatic Air Filled Tire

LINE POINTER

- 24D984** Line Pointer System
 ▶ 25 inch retractable steel pointer for keeping straight while guiding the GrindLazer.

GRINDLAZER KITS

- 245321** Hitch Kit (for GrindLazer 270 and 390 units only)
 ▶ Used to hook up the LineDriver unit.
- 24E290** Drive Shaft Bearing Kit
 ▶ Bearing, bearing housing, hex shaft and fasteners.
- 24E291** Door Side Bearing Kit
 ▶ Bearing, bearing housing and fasteners.
- 24D584** GrindLazer Brush Kit
 ▶ Brushes and fasteners for complete unit.
- 24E294** Front Wheel Swivel Caster Cable Kit
24E295 InstaCut Engagement Cable Kit
24E296 Throttle Control Cable Kit

24D982	Assembled Diamond Blade Drum without blades and spacers	For use with all Diamond Blade Cutters

Steel

Application: All purpose removal of paint, and coatings from floors. Also used for grease, dirt and ice build up.

Flail

Application: All purpose removal of paint, epoxy, and thermoplastic markings, bump-smoothing, and anti-slip grooving

FullCut

Application: All purpose removal of paint, epoxy, thermoplastic markings, bump-smoothing, anti-slip grooving, and inlay applications for a smooth finish

Miller

Application: Specifically used for thermoplastic, tape removal, and built-up paint

Diamond Blade

Application: Specifically used to inlay and groove concrete and asphalt pavement

WARRANTY

We stand behind every piece of equipment we manufacture with the industry's strongest warranty. Grind with the confidence that you will probably never need to use Graco's warranty, but if you do... we will be there.

ENGINE WARRANTY

Three year engine warranty for Honda engines and two year warranty for Vanguard engines.

1-YEAR WARRANTY*

Coverage against defects in materials and workmanship on the entire GrindLazer.

CONVENIENT SERVICE

Graco offers authorized distributor locations in North America for service and warranty repair.

*NORTH AMERICA ONLY. See your local Graco distributors for country specifics.

Nobody Else Builds Scarifiers Like This.

ABOUT GRACO

PROVEN QUALITY. LEADING TECHNOLOGY.

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.
